Importing Animal Feed from outside the EU, post Brexit

Animal By-products

Justin Byrne SVI

Surveillance, Animal By-Products and TSE Division
Department of Agriculture, Food and the Marine
February 19th, 2021

Animal By-Products

- Definition; ‘animal by-products’ means entire bodies or parts of animals, products of animal origin or other products obtained from animals, which are not intended for human consumption
- Regulations – EU 1069/2009 and EU 142/2011 (Implementing Reg), S.I. 187 of 2014
- Animal Feed containing ABPs - ABP Regs do not have an inclusion level that is out of scope

IMPORT of ABPs

- Difference between importing into the EU and what applies when the ABP is placed on the market in the EU
- Annex XIV and XV of 142/2011 are the key areas
- Annex XIV Chapter I section 1 cover ABPs destined for the feed chain
- States all the requirements generally
- Annex XV contains the model certs

Annex XIV Chapter I section 1

- Must have been produced from Cat 3 materials
- Must comply with import and transit conditions in table 1
- Must come from a “listed third country”
- Must come from an approved or registered establishment or plant as applicable
- Must be accompanied to the point of entry of the EU by a health cert
- Must be presented at the point of entry where veterinary checks take place

Annex XIV Chapter I Table 1

Key takeaways

- EU 142/2011 Annex XIV table 1 contains all the information on how to determine which cert applies – full details of the “ABP product” required
- The cert must accompany the consignment
- The cert must be provided by the Official Veterinarian in the third country
